## TOTALCLEAN™ PETPLUSAIRPURIFIER

---

instruction manual

AT-PET02A-GB

**3** YEAR guarantee

READ ALL INSTRUCTIONS BEFORE USE.  
SAVE THESE INSTRUCTIONS FOR FUTURE  
REFERENCE.

### IMPORTANT SAFEGUARDS:

---

WHEN USING ELECTRICAL PRODUCTS,  
ESPECIALLY WHEN CHILDREN ARE PRESENT,  
BASIC SAFETY PRECAUTIONS SHOULD  
ALWAYS BE FOLLOWED, INCLUDING THE  
FOLLOWING:

- ALWAYS unplug the appliance from the electrical outlet immediately after using and before cleaning. To disconnect, turn all controls to the 'OFF' position, then remove plug from outlet.
- NEVER leave an appliance unattended when plugged in. Unplug from the mains outlet when not in use and before putting on or taking off parts or attachments.
- This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved. Children shall not play with the appliance. Cleaning and user maintenance shall not be made by children without supervision.
- DO NOT reach for an appliance that has fallen in water or other liquids. Switch off at the mains and unplug it immediately. Keep dry – DO NOT operate in wet or moist conditions.
- NEVER insert pins or other metallic fasteners into the appliance.
- Use this appliance for the intended use as described in this booklet. DO NOT use attachments not recommended by HoMedics.
- NEVER operate the appliance if it has a damaged cord or plug, if it is not working properly, if it has been dropped or damaged, or dropped into water. Return it to the HoMedics Service Centre for examination and repair.
- Keep cord away from heated surfaces.
- Excessive use could lead to the product's excessive heating and shorter life. Should this occur, discontinue use and allow the unit to cool before operating.
- NEVER drop or insert any object into any opening.
- DO NOT operate where aerosol (spray) products are being used or where oxygen is being administered.
- DO NOT operate under a blanket or pillow. Excessive heating can occur and cause fire, electrocution or injury to persons.
- DO NOT carry this appliance by the cord or use cord as a handle.
- DO NOT use outdoors.
- This product requires a 220-240 V AC power.
- DO NOT attempt to repair the appliance. There are no user serviceable parts. For service, send to a HoMedics Service Centre. All servicing of this appliance must be performed by authorised HoMedics service personnel only.
- Never block the air openings of the appliance. Keep air openings free of lint, hair etc.
- Do not place or store appliance where it can fall or be pulled into a bath or sink. Do not place in or drop into water or other liquid.
- Failure to follow the above may result in the risk of fire or injury.

## SAFETY CAUTIONS:

PLEASE READ THIS SECTION CAREFULLY  
BEFORE USING THE APPLIANCE.

- **If you have any concerns regarding your health, consult a doctor before using this appliance.**
- This appliance should NEVER be used by any individual suffering from any physical ailment that would limit the user's capacity to operate the controls.
- If the product feels excessively hot, switch off at mains and contact the HoMedics Service Centre.
- This appliance is designed for personal, non-professional use only.
- Do not run cord under carpeting. Do not cover cord with throw rugs, runners or similar coverings. Do not route cord under furniture or appliances. Arrange cord away from traffic areas where it can be tripped over.
- Do not tilt or move the personal space cooler while it is in operation. Shut off and remove plug from outlet before moving.
- Always plug the personal space cooler directly into a wall outlet/receptacle. Never use with an extension cord.

## THREE YEAR GUARANTEE

FKA Brands Ltd guarantees this product from defect in material and workmanship for a period of 3 years from the date of purchase, except as noted below. This FKA Brands Ltd product guarantee does not cover damage caused by misuse or abuse; accident; the attachment of any unauthorised accessory; alteration to the product; or any other conditions whatsoever that are beyond the control of FKA Brands Ltd. This guarantee is effective only if the product is purchased and operated in the UK / EU. A product that requires modification or adaptation to enable it to operate in any country other than the country for which it was designed, manufactured, approved and / or authorised, or repair of products damaged by these modifications is not covered under this guarantee. FKA Brands Ltd shall not be responsible for any type of incidental, consequential or special damages.

To obtain guarantee service on your product, return the product post-paid to your local service centre along with your dated sales receipt (as proof of purchase). Upon receipt, FKA Brands Ltd will repair or replace, as appropriate, your product and return it to you, post-paid. Guarantee is solely through HoMedics Service Centre. Service of this product by anyone other than the HoMedics Service Centre voids the guarantee. This guarantee does not affect your statutory rights.

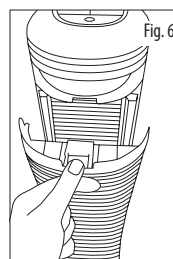

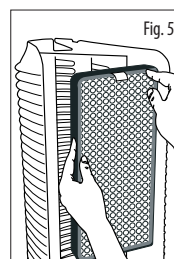

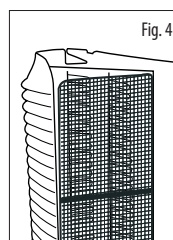

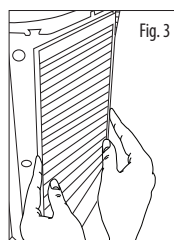

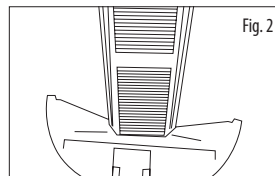

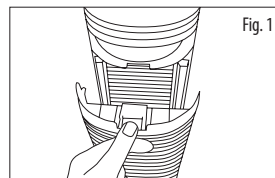

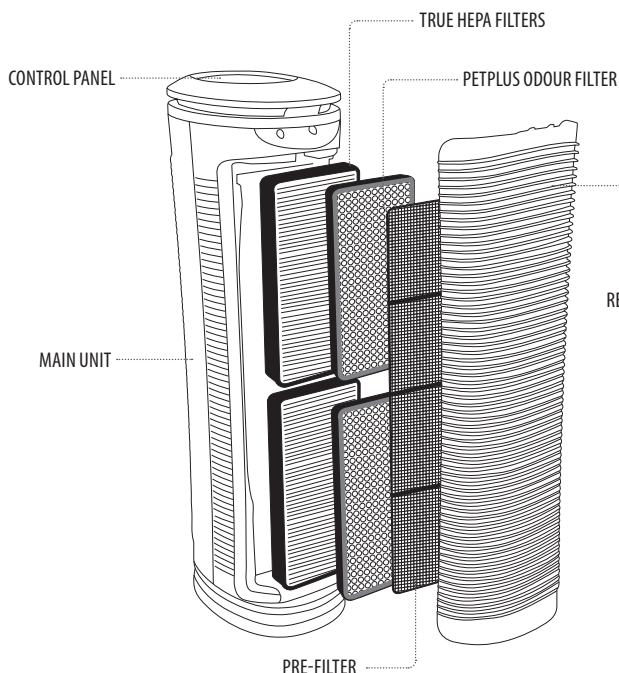

For your local HoMedics Service Centre, go to  
[www.homedics.co.uk/servicecentres](http://www.homedics.co.uk/servicecentres)

### WEEE explanation

This marking indicates that this product should not be disposed with other household wastes throughout the EU. To prevent possible harm to the environment or human health from uncontrolled waste disposal, recycle it responsibly to promote the sustainable reuse of material resources. To return your used device, please use the return and collection systems or contact the retailer where the product was purchased. They can take this product for environmental safe recycling.

## PRODUCT FEATURES:

## OPERATING INSTRUCTIONS

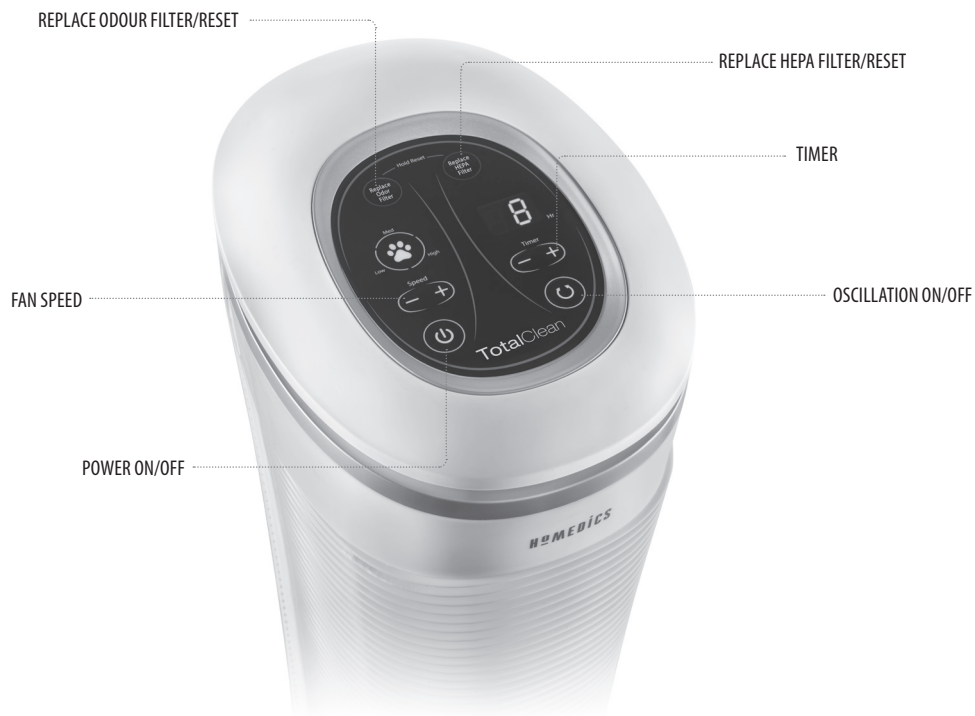

### Turning the Unit On

- Take the air purifier out of the box and remove the clear protective plastic bag.
- Place the air purifier on a firm level surface.
- Make sure the air purifier is off and unplugged to confirm that the filters are firmly in place and did not become loose during shipping.

1. To check filters, open the rear cover by gently pushing down on the release tab on the top of the rear grill cover (Fig. 1).
2. Open the grill cover outward until the tabs at the bottom of the grill cover easily slide away from the unit (Fig. 2).
3. The True HEPA filters will be resting inside the unit. Make sure the filters are firmly seated inside of the unit (Fig. 3).
4. Locate the PetPlus Odour Filters in the rear grill cover. Remove the PetPlus filters from the plastic bags they are shipped in and set aside. Check to make sure the Pre-Filter is seated in place on the frame of the grill cover (Fig. 4). Then, place the PetPlus Odour Filters into the rear grill cover, seating them on the rails, with the pull tabs facing outward at the top of each filter (Fig. 5).
5. Place the tabs at the bottom of the grill cover into the base of the unit. Gently push the grill cover back into place until you hear a click sound indicating that the grill cover is firmly latched (Fig. 6). Connect the power cord into a standard AC outlet.

**NOTE: Unit will not operate unless filters and grill cover are properly installed.**

## HOW TO USE:

### 1. On/Off and Speed Settings

To turn the air purifier on, press the ON/OFF  button on the control panel.

When the air purifier is on, the ON/OFF button on the control panel will be lit and the air purifier will start to operate on LOW speed.

Once the air purifier is ON, press the SPEED+ button to increase the fan speed to the MED setting. Press again to increase the fan speed to HIGH setting. To decrease the fan speed, press the SPEED- button until your desired setting is reached. The fan speed setting is indicated by the illuminated ring around the paw symbol.

To turn the air purifier OFF, simply press the ON/OFF  button on the control panel.

### 2. Timer

There are four possible timer settings: 2 (two) hours, 4 (four) hours, 8 (eight) hours, and 12 (twelve) hours. To activate the timer press the TIMER+ button on the control panel. Each time the + button is pressed, it will display the successive settings. To return to a setting already passed, press the TIMER- button. Once a timer setting has been selected, it will remain displayed on the TIMER screen. To operate continuously, cycle down through all timer settings until no timer setting is displayed.

### 3. Oscillation

To activate the oscillation feature, press the  button. To stop oscillation, press the button a second time. Unit will not automatically realign with foot when oscillation is stopped. To achieve alignment, stop oscillation at the moment the body becomes aligned with the foot.

### 4. Replace HEPA Filter

The REPLACE HEPA FILTER indicator illuminates when to replace the True HEPA Filters.

### 5. Replace Odour Filter

The REPLACE ODOUR FILTER indicator illuminates when to replace the PetPlus Odour Filters.

## REPLACING THE FILTERS

### Replacing True HEPA Filters

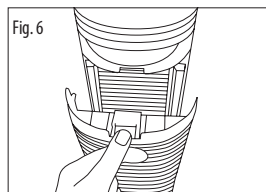

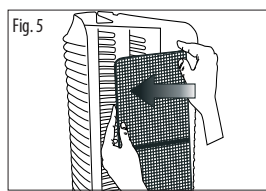

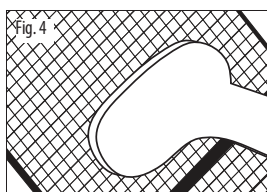

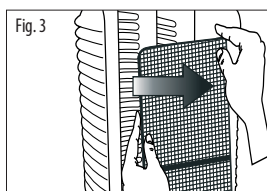

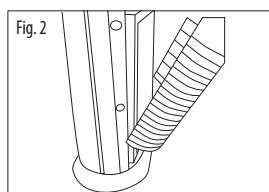

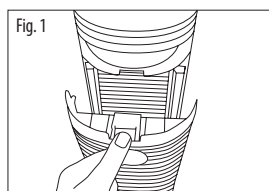

For optimal performance, replace every 12 months under normal usage conditions. Once the True HEPA filters have been replaced, press and hold the REPLACE HEPA FILTER button until it beeps to reset the indicator.

To purchase genuine HoMedics replacement True HEPA filters, go back to your retailer where you purchased your air purifier or visit [www.homedics.co.uk](http://www.homedics.co.uk).

### Replacing PetPlus Odour Filters

For optimal performance, replace every 6 months under normal usage conditions. Once the Odour Filters have been replaced, press and hold the REPLACE ODOUR FILTER button until it beeps to reset the indicator.

To purchase genuine HoMedics replacement PetPlus Odour filters, go back to your retailer where you purchased your air purifier or visit [www.homedics.co.uk](http://www.homedics.co.uk).

### Cleaning the Pre-Filter

For best performance vacuum pre-filter once a month

1. Open the rear grill cover by gently pushing down on the tab on the top of the grill cover (Fig. 1).
2. Open the cover outward until the tabs at the bottom of the grill cover easily slide away from the unit (Fig. 2).
3. Remove the PetPlus Odour filters and set aside. Remove the Pre-Filter from the grill cover (Fig. 3).
4. Use the brush attachment with your vacuum cleaner. Run the attachment along both sides of the Pre-Filter cleaning it thoroughly (Fig. 4).
5. Then place the Pre-Filter back in the grill cover, making sure it is seated in place on the frame (Fig. 5). Place the PetPlus Odour Filters back into the grill cover, seating them on the rails with the pull tab facing outward at the top of each filter.
6. Place the tabs at the bottom of the grill cover into the base of the unit. Gently push the grill cover back into place until you hear a click sound indicating that the grill cover is firmly latched (Fig. 6).

**DO NOT WASH ANY OF THE FILTERS.**

**DO NOT IMMERSE IN WATER.**

## CLEANING AND CARE

**CAUTION:** Before cleaning the unit, turn power off and unplug the Power Adapter from the wall and the unit.

### For best performance, we recommend:

- NEVER use water or any household cleaners or detergents to clean the True HEPA filter or carbon odour filter.
- Clean off the outside of the unit with a dry cloth once a month.
- NEVER use water, wax, polish, or any chemical solution to clean the outside of the unit.
- Clean off the grille cover using a damp cloth or the brush attachment of your vacuum once a month.
- Replace the True HEPA filter every 12 months under normal usage conditions.
- Replace the PetPlus Odour filter every 6 months under normal usage conditions.
- Vacuum the pre-filter once a month
- Always use genuine HoMedics replacement filters for optimal performance.
- If you will not be using the air purifier for an extended period of time, please store in the the box, or a cool dry place.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Unit will not operate	<ul style="list-style-type: none"><li>• Unit is not plugged in</li><li>• Unit not turned on</li><li>• No power at outlet</li><li>• HEPA filters not installed properly</li></ul>	
Reduced airflow or poor filtering	<ul style="list-style-type: none"><li>• Plastic wrapping not removed</li><li>• The back grill cover may be blocked</li><li>• The pre-filter may be clogged</li></ul>	<ul style="list-style-type: none"><li>• Remove plastic wrapping from filters</li><li>• Check to make sure nothing is blocking the back grill cover and air intake</li><li>• Check and clean the pre-filter (page 10)</li></ul>
Excessive noise	<ul style="list-style-type: none"><li>• The unit is not level</li><li>• PetPlus odor filters still in plastic bags</li><li>• The filters are not seated properly</li><li>• The filters may be dirty restricting air flow</li></ul>	<ul style="list-style-type: none"><li>• Place the unit on a flat, even surface</li><li>• Remove the PetPlus filters from plastic bags</li><li>• Make sure all filters are secured</li><li>• Replace the filters</li></ul>
Replace filter light remains lit after filter replacement	<ul style="list-style-type: none"><li>• The replace filter indicator needs to be reset</li></ul>	<ul style="list-style-type: none"><li>• Press and hold the replace filter button until you hear a beep</li></ul>
The unit seems to be producing odours	<ul style="list-style-type: none"><li>• The filters need replacing</li></ul>	<ul style="list-style-type: none"><li>• Replace the filters as needed</li></ul>
